We help children at need !

Projekt Schwarz-Weiß e.V. introduces itself:

We are a small association, registered as of public interest that has made it its task to help people in need. The “Projekt Schwarz-Weiß e.V.“ was considered to very much deserve promotion. We work exclusively with honorary co-workers and we fight for the establishment of: orphanages, sickness stations, schools and water supplies. For a life in hope! An aid program for the orphans in East Africa has the highest priority.

How it began...

When we, family Dürr from Ingstetten (county Neu-Ulm in Bavaria, Germany), traveled in 1996 for the first time to Kenya, we did not suspect, how much we would be fascinated by the country. You could even say we are under the spell of the country. The fascinating nature stands in extreme contrast to the predominant poverty. Also in this for African standards as rich entitled country, we had to observe that countless people live in slums. Especially the poorest of the poor, the children, have it exceptionally hard. Based on official estimates, there are alone in Kenya approximately 60 thousand street Arabs. We could not forget the suffering of the children anymore and have decided to do something about it.

That's how our association “Projekt Schwarz-Weiß e.V.” on 17 October 1997 developed.
